Securities and Exchange Commission of Pakistan (SEC) established under the Securities and Exchange Commission of Pakistan Act 1997 was operationalized as a body Corporate on 1st January 1999. SEC replaced Corporate Law Authority, the former corporate regulatory body. It has been vested with adequate operational, administrative and financial autonomy.

The SEC's head office is at the Federal Capital, Islamabad and it has eight regional offices (Company Registration Offices), one at Federal Capital, four at provincial capitals and three in other major cities i.e. Multan, Faisalabad and Sukkur. The SEC has been organized into following Divisions:

- Company Law Division
- Securities Market Division;
- Specialized Companies Division;
- Professional Services and Policy Division; and
- Support Services Division

Functions

SEC's main functions include; regulation of securities market and related institutions like Central Depository Company (CDC), Credit Rating Companies and Modarabas (funds operating on the basis of Islamic economic principles); administration of the company law; regulation of non-banking finance companies like leasing companies, investment banks and mutual funds and regulation of insurance business.

One of the important functions of the SEC is incorporation/registration of companies. This task has been entrusted to the Registration Department, Company Law Division which has its field offices known as Company Registration Offices (CROs) for the purpose of incorporation / registration of different type of companies.

Since inception of the SEC, a number of operational changes have been introduced and a friendly environment has been created at the head office and the CROs. Incorporation of companies has been made much easier, smooth and swift ensuring completion of this process preferably on the same day and in any case within three days at the latest. To facilitate foreign investors and overseas Pakistanis and to encourage foreign investment in the country, Commission has set up special counters with designated officers in its three Company Registration Offices, Karachi, Lahore and Islamabad. The designated officers provide special assistance to international investors for company incorporation and other related regulatory requirements as well as information pertaining to corporate laws and functioning of the Commission. Other public services like availability of name, providing of certified copies etc., are rendered on the same day. There is complete automation of the working of CROs with a view to providing facilities like availability of names and incorporation of new companies etc. electronically. Further upgradation of the facilities is also contemplated for the future. The CROs and SEC head office are linked through LAN/WAN for quick exchange and updating of companies' data and electronic submission of returns by the companies.

INCORPORATION OF A COMPANY

For the convenience of general public, promoters and directors of companies, SEC has established its eight CROs at Islamabad, Karachi, Lahore, Peshawar, Faisalabad, Multan, Sukkur and Quetta. Besides registration of companies and monitoring of their working according to law, functions of CRO's include providing services and guidance and also to ensure that the companies and their directors comply with the statutory requirements as provided under the Companies Ordinance, 1984 (the Ordinance). The record of companies maintained by the CROs is public record and the investors, shareholders, creditors and general public, may inspect the record of any company whenever they need and they may also obtain certified copy of any specific document forthwith on payment of nominal amount of fee.
